

Deb Global Range Product Guide

Be the world's leading away from home
skin care system company

Our Product Philosophy

The Deb Global Product Range has been carefully devised to meet the specific skin safety needs and cultural diversity of any international organisation.

The range is underpinned by 65 years of experience of occupational skin care, providing 'best in class' formulations and rigorously engineered dispensing systems. Our products are created with the final objective in mind – every person in the organisation doing the right thing with regards to skin safety.

Our product philosophy is to design products which reflect the following attributes:

- **Innovative** - we seek to develop products which change perceptions about occupational skin care and hand hygiene, drawing on deep knowledge of the subject and utilising our unique foam and dispensing technology.
- **Fit for purpose** – we provide products to do the job required of them, that are safe and hygienic for regular use, that are robust and low maintenance.
- **Pleasant to use** – we encourage appropriate usage and compliance with skin safety regimes by providing products that people like and prefer to use.

- **Convenient** – we design formulations and dispensing systems that are quick and easy to use, packaged for the appropriate location in any workplace or public facility environment.
- **Cost effective** – we eliminate waste through dispensing systems that consistently deliver the appropriate amount of product required for each skin safety application.
- **Tested & supported** – we ensure our products are tested according to the highest internationally recognised protocols. Our products are not tested on animals and are toxicologically assessed and dermatologically tested.

Environmental Awareness

Deb operates internationally recognised environmental management systems throughout our businesses to meet or exceed our environmental responsibilities.

Every day, every single employee will be faced with a choice as to whether they use a skin care product.

Will they?

Universally Understood

We help to ensure that installed Deb skin care products and dispensing systems are universally understood to enable correct usage.

Through many years of working with the users of our products and dispensing systems, we have deep insight into the factors that affect skin care compliance. One of the key issues is to ensure users know which products to use, and how to use them. Therefore, our product and dispensing systems have been designed to incorporate a combination of language neutral iconography, strong visual colours and clear, unambiguous wording.

1 Colour-coding – consistently applied across all products, dispensers and education materials to visually identify the product type.

			
PROTECT	CLEANSE LIGHT	CLEANSE HEAVY	CLEANSE ULTRA
			
CLEANSE WASHROOM	CLEANSE ANTIBACTERIAL	SANITISE	RESTORE

2 Simple iconography – denotes each step of The Deb Skin Care System™ and provides an instant, visual reminder of what each product does.

3 Usage illustrations – simple to understand and language neutral to help encourage best practice.

4 Unambiguous wording – guiding correct product usage.

5 Multi-lingual product labels – enabling the same SKUs to be used in multiple countries.

6 Single, global product identification codes – reduces administrative complexity and allows for easier traceability.

Dispensing Technology

Deb is the world's leading expert in the development of skin care dispensing systems for workplaces and public facility environments.

The Power of Silver

All Deb dispensers in this range are Biocote® protected. Biocote® is a silver-based antimicrobial agent that is incorporated into the dispenser components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and moulds. Biocote® will not wear out or rub off over time, making it effective for the lifetime of the dispenser.

Guaranteed for Life

All Deb dispensers are manufactured from durable plastic components, thoughtfully designed and rigorously tested for high usage environments. All Deb dispensers are guaranteed for life.

Right for Every Application

Our unique understanding of dispensing technology and years of hand hygiene experience enable us to provide a range of dispensers to meet the distinct needs of workplace and public facility environments.

This incorporates dispensers in a range of capacities that dispense a wide variety of products in exactly the right amount for each application.

Deb dispensers are designed, developed and manufactured within the Deb Group to ensure the highest standards of reliability and performance.

Deb in Use

Every person in the organisation doing the right thing with regard to skin safety.

No one organisation or location is the same. Therefore, the specific skin safety needs of each facility must be identified and an appropriate solution provided that meets the needs of all employees and visitors. The Deb Programme provides carefully developed, tailored skin safety regimes to meet these specific needs.

Product Guide

PROTECT

Pre-work creams to help protect the skin against contact with various workplace contaminants and working conditions.

Deb® Universal PROTECT

Universal pre-work skin cream to help protect the skin against contact with water and non-water based contaminants. Perfume-free and non-greasy, it is compatible for use under latex and nitrile gloves to provide a second line of defence. Makes skin easier to clean.

Stock Code	UPW150ML	UPW1L
Pack Size	150ml Tube	1L Cartridge
Case Qty	12	6

Deb® Sun PROTECT UVA 30 HIGH

SPF30 sunscreen to protect the skin against the sun's harmful UV-A (ageing) & UV-B (burning) rays. Perfume-free and non-greasy, its photostable formula contains a moisturiser and is also water-resistant.

Stock Code	SUN150ML	SUN1L
Pack Size	150ml Tube	1L Cartridge
Case Qty	12	6

CLEANSE

Appropriate hand cleansers to meet the specific cleaning needs and preferences of each workplace environment.

Light Duty Hand Cleansers

Deb® Pure WASH

Perfume-free and dye-free lotion hand cleanser for regular use to remove general dirt and grime.

Stock Code	PUW2LT	PUW4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Lotion WASH

Lightly perfumed lotion hand cleanser for regular use to remove general dirt and grime.

Stock Code	LTW2LT	LTW4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Hair & Body WASH

All over hair & body lotion wash with an invigorating rainforest fresh fragrance. Suitable for use in male and female shower areas.

Stock Code	HAB1L	HAB2LT
Pack Size	1L Cartridge	2L Cartridge
Case Qty	6	4

Heavy Duty Hand Cleansers

Deb® Lime WASH

Gentle but effective heavy duty hand cleanser with Deb's patented combination of natural cornmeal hand scrub and light lime extracts. Ideal for most common industrial soilings. Contains moisturiser to help leave the skin soft and supple after use.

Stock Code	LIM2LT	LIM4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Sunflower WASH

Solvent-free heavy duty hand cleanser with Debasol®: Deb's patented combination of natural sunflower oil extract and cornmeal hand scrub. Ideal for most common industrial soilings. Contains moisturiser.

Stock Code	SFW2LT	SFW4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Citrus POWER WASH

Uses the power of natural orange oil extracts in combination with cornmeal hand scrub to provide a highly effective cleaning performance. Removes a wide range of ingrained and difficult to remove industrial soilings from oil and grease to many paints and adhesives. Contains moisturiser to help ensure regular use does not affect skin hydration.

Stock Code	CIT2LT	CIT4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Natural POWER WASH

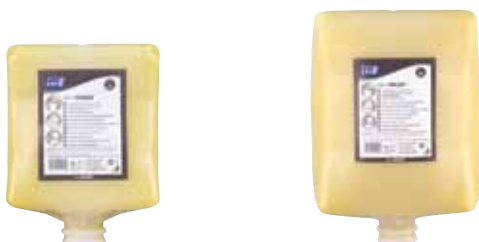

Uses the power of Debasol®, Deb's patented combination of solvent free, natural sunflower oil extracts with cornmeal and ground olive stone scrub to provide a highly effective 'deep-clean' performance. Effective on most ingrained and difficult to remove industrial soilings. Contains moisturiser to help ensure regular use does not affect skin hydration.

Stock Code	NPW2LT	NPW4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Ultra WASH

Specialist powerful hand cleaner to remove paints, inks, resins, adhesives and most other print & paint shop contaminants. Cleansing power derives from the combination of dibasic esters and natural cornmeal scrub. Contains moisturiser to help ensure regular use does not affect skin hydration.

Stock Code	ULT2LT	ULT4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Capacity	2L Cartridge	4L Cartridge	2L Cartridge	4L Cartridge
Case Qty	1	1	1	1

The Natural Power of Sunflower Oil

Sunflower oil derives from sunflower seeds, a sustainable natural crop grown in many parts of the world.

High in Vitamin E to help retain skin moisture, sunflower oil is not classified as a solvent, yet has excellent solvency properties for use in hand cleansing.

Deb® Ultra WIPES

Specialist wipes for removing paints, inks, resins, adhesives and most other print and paint-shop contaminants. The tough, extra large wipes are impregnated with a specialist formulation based on dibasic esters. The handy, easy-to-use pack can be used at the work-point and used throughout the day with no need for water.

Stock Code	ULT150W
Pack Size	150 Wipes Pail
Case Qty	4

Deb® Universal WIPES

Universal wipes for general hand cleaning, such as removing oil, grease and grime. The impregnated tough, extra large wipes are available in a handy, easy-to-use pack which can be used whilst on the move, with no need for water.

Stock Code	UNV150W
Pack Size	150 Wipes Pail
Case Qty	4

Cleanse - Washroom

Deb® Clear FOAM WASH

Perfume-free and dye-free mild foam soap for general washroom use.

Stock Code	CLR1L	CLR2LT
Pack Size	1L Cartridge	2L Cartridge
Case Qty	6	4

Deb® Azure FOAM WASH

Pleasantly fragranced mild foam soap for general washroom use.

Stock Code	AZU1L	AZU2LT
Pack Size	1L Cartridge	2L Cartridge
Case Qty	6	4

Deb® Rose FOAM WASH

Luxurious, pleasantly fragranced, rich, mild foam soap with added moisturisers for general washroom use.

Stock Code	RFW1L	RFW2LT
Pack Size	1L Cartridge	2L Cartridge
Case Qty	6	4

Antibacterial Cleansers

For antibacterial cleansers for use in any environment, including non-taint products for use in food environments, please contact your local Deb sales representative.

Deb Cleanse - Washroom Products

Ideal for use in washrooms in general industry, healthcare, schools, manufacturing and office environments and public facilities.

SANITISE

Hand sanitiser for use without water to kill germs and provide a higher level of hand hygiene.

Deb® InstantFOAM

Highly effective, perfume-free, dye-free alcohol-based foam hand sanitiser with moisturiser. Use without water to kill 99.999% of many common germs in just 15 seconds. The hypoallergenic foam formula is ideal for frequent use, leaving hands feeling refreshed, smooth and soft. Does not contain any gelling agents, so unlike 'alcohol gel' products, frequent use of Deb InstantFOAM does NOT leave hands feeling sticky. Also, the non-tainting and glove compatible formula is ideal for use in any food handling environment. The highly effective formula conforms to EN1500 in 15 seconds, prEN12054, EN1276, EN1275 & EN1040.

Stock Code	DIS47ML	DIS250ML
Pack Size	47ml Pump Bottle	250ml Pump Bottle
Case Qty	12	12

Stock Code	DIS1000ML
Pack Size	1L Cartridge
Case Qty	6

Ideal for use outside the washroom to provide hand hygiene at the work-point or on the move.

RESTORE

Conditioning cream to help maintain healthy skin and avoid dryness. Good skin condition is an important element in ensuring good hand hygiene practice.

Deb® Pure RESTORE

Perfume-free and dye-free, highly effective mild after-work conditioning cream to provide effective skin care whether skin is dry, sore, chapped or in normal condition.

Stock Code	RES150ML	RES1L
Pack Size	150ml Tube	1L Cartridge
Case Qty	12	6

The non-greasy formula is compatible for use under latex and nitrile gloves to keep the skin hydrated.

Deb Skin Safety Centres

Robust, light-weight boards that are ready-assembled with appropriate Deb dispensers.

For use with Deb products to create a tailored skin care system. Deb Skin Safety Centres are available for use in heavy duty & general industrial areas to provide skin protection and food & catering areas to provide hand hygiene.

- **Convenient** – everything needed for clean healthy skin in one location.
- **Instructional** – encourages compliance with a full skin safety regime.
- **Easy maintenance** – wipe clean surface.
- **Robust** – durable, lightweight material ideal for busy wash area environments.

Deb Skin Protection Centre – Small

Size: 590mm wide x 510mm high

Contains:

1 x Deb Protect 1000, 1 x Deb Cleanse Heavy 2000
and 1 x Deb Restore 1000 dispensers.

Stock Code: SSCSML1EN

Deb Skin Hygiene Centre

Size: 570mm wide x 455mm high

Contains:

1 x Deb Cleanse Antibac 1000, 1 x Deb
Sanitise 1000 and 1 x Deb Restore 1000 dispensers.

Stock Code: SHYCTR1EN

Deb Skin Protection Centre – Large

Size: 800mm wide x 570mm high

Contains:

1 x Deb Protect 1000, 1 x Deb Cleanse Light 2000,
1 x Deb Cleanse Heavy 4000 and
1 x Deb Restore 1000 dispensers.

Stock Code: SSCLGE1EN

Deb Dispensing Systems

A unique range of 1 litre, 2 litre and 4 litre closed, sealed cartridge dispensers for use with all Deb Skin Care System™ products.

The benefits of Deb's closed, sealed systems are:

Hygienic

There is no ingress of air during use, protecting product from exposure to the external environment, thus minimising the risk of cross-contamination and ensuring 'fresh' product is dispensed every time.

No mess

Every Deb cartridge features an ultrasonically welded dispensing pump which does not drip or clog, ensuring no mess on sink tops, floors or walls.

No wastage

Cartridges are designed to collapse in use so that all of the product is evacuated.

Cost control

Our sealed dispensing systems deliver a precise, measured dose so that only the correct amount of product is dispensed for optimum cost in use.

Convenience

The wall mounted units are conveniently located where skin safety is required, whether above a sink in a washroom or in the main work area.

Security

Each Deb dispenser is lockable to stop unauthorised access, thus preventing deliberate product contamination or theft of the product inside.

Easy to use

The large, 'easy-push' buttons ensure that virtually no one is precluded from being able to use Deb's dispensers. Empty cartridges are easily replaced in seconds.

The way products are used is very important in the daily challenge of delivering effective skin care practices.

Custom Dispenser Systems

Make it Your Own

The range of dispensers featured in this product guide has been carefully designed to complement with each Deb Skin Safety Regime. In addition, our cutting-edge print technology can be combined with a wide variety of component colour options to decorate a dispenser that is unique to you.

Our design teams can work with you to create a Deb Dispenser that reflects your own identity or specification.

From corporate branding, to logos, instructions for use, or eye-catching photographic quality images, it's your choice.

Our exclusive design development and manufacturing process produces permanent decorations that are chemical and fade resistant and will last the life of the dispenser.

Deb's market-leading Custom Dispenser Service incorporates cutting-edge print technology enabling our dispensers to be uniquely tailored to your individual specification.
